No Accountability

DOCUMENTED IN 100+ CONSUMER COMPLAINTS — TRUSTPILOT, QUORA, REDDIT

STEP 1 / 5

The Hook

Manufacturing Your Crisis

“I can see a very heavy Saturn/Rahu combination in your chart. This is causing all your problems.”

“You have a serious Karmic Blockage from a past life. This is why nothing is working for you.”

“Your 8th house is severely afflicted. This is a dangerous period.”

COLD READING TECHNIQUE — These are Barnum statements. Vague enough to apply to anyone. Specific enough to feel personal.

STEP 2 / 5

The Fear

Linking the Blockage to Your Real Pain

“This Saturn period is directly responsible for your career failure / marriage delay / health issues.”

“Your child's developmental issues are linked to a Mercury affliction. This is why medicine is not fully working.”

“Your cancer risk is written in your 8th house. The timing is now active.”

WARNING: Linking astrology to medical conditions violates the Drugs & Magic Remedies (Objectionable Advertisements) Act, 1954. This is a criminal offense in India.

STEP 3 / 5

The Up-sell

Your Fear Is Now a Product

“You need a Saturn Shanti Puja. I can guide you through this, but it requires a specialized package.”

“Wearing a Blue Sapphire of 5 carats will protect you. We have certified gemstones available.”

“To fully understand your chart, you should enroll in our Predictive Astrology Course.”

AVERAGE UP-SELL VALUE

to

₹15,000

STEP 4 / 5

The Escape Hatch

When the Remedy Fails — It Is Always Your Fault

“Did you perform the remedy on the exact day and time I specified? Even a small deviation can negate the effect.”

“The gemstone needs Prana Pratishtha by a qualified Brahmin. Did you do that correctly?”

“Your situation was more complex than we initially assessed. You need a deeper Root Cause consultation.”

RESULT: New sale generated. No refund required. The failure is structurally impossible to be the company's fault.

STEP 5 / 5

The Legal Cage

Your Money Is Permanently Trapped

CLAUSE 1

Terms of Service: Connecting the call = a 100% successful consultation. Quality is irrelevant.

CLAUSE 2

No-Dispute agreement: You signed away your right to initiate a bank chargeback.

CLAUSE 3

Account termination: If you persist, your courses and access are deleted without refund.

LEGAL VIOLATION: Unfair Contract — Consumer Protection Act, 2019, Section 2(46). These clauses are legally unenforceable.

This Is Not One Bad Experience. This Is an Industry.

You Were Defrauded. Here Is Your Path to Justice.

01

CHARGEBACK

Contact your bank immediately. File under 'Service Not As Described.' The No-Dispute clause is not legally enforceable. Your bank has consumer protection obligations that override it.

02

NCH COMPLAINT

Call the National Consumer Helpline: 1800-11-4000 (free, 24x7). File a formal consumer grievance. Reference: Consumer Protection Act, 2019, Section 2(47) — Unfair Trade Practice.

03

REPORT MEDICAL CLAIMS

If sold astrological remedies for Cancer, Autism, or any medical condition, report to the Ministry of Health & Family Welfare. This is a violation of the Drugs & Magic Remedies Act, 1954.
